

CONTROLLED F.O.R.C.E.[®]

TRAINING MANAGEMENT SYSTEMS

DEFENSIVE TACTICS DEPARTMENTAL INSTRUCTOR CERTIFICATION

- Real-Life Application
- Quick Memory Retention
- Camera Friendly Techniques
- Officer Street Survival Skills
- **Legally, Medically, and Technically** Acceptable System

This training has been registered with MCOLES for use of PA 302 Law Enforcement Distribution funds.

ARREST CONTROL TACTICS

Controlled F.O.R.C.E.[®] Level 1
Develops Skills for Handling and Detaining Non-Compliant Subjects

Level 1 Covers:

- Body Positioning Drills
- Mechanical Advantage Control Holds
- M.A.C.H.[™] Takedowns
- M.A.C.H.[™] Handcuff Positioning
- M.A.C.H.[™] Team Arrest Tactics
- M.A.C.H.[™] Baton Subject Control

SURVIVAL TACTICS

Controlled F.O.R.C.E.[®] Level 2
Develops Skills for Defending Against Sudden Attacks

Level 2 Covers:

- Hand-to-Hand Protection / Disruption
- Baton Protection / Disruption
- Knife Awareness & Defense
- Ground Defense & Escapes
- In/Out-of-Holster Weapon Retention
- Weapon Disarms

Pre-Requisite: Completion of Level 1

HOSTED BY

Gladstone Public Safety Department

TRAINING DETAILS

TRAINING DATE / TIME

May 13 - 16, 2019

8:00am – 5:00pm

CONTROLLED F.O.R.C.E.®

TRAINING MANAGEMENT SYSTEMS

> Level 1: Mechanical Advantage Subject Control

Controlled F.O.R.C.E. Level 1 teaches personnel how to control a non-compliant subject utilizing body positioning, movement, momentum, and joint manipulation. The system is based on five Mechanical Advantage Control Holds (M.A.C.H.™) that use a subject's resistance against himself/herself. Each technique of Controlled F.O.R.C.E. can be taught in minutes, saving valuable training time. These tactics greatly reduce the risk of injury to operators and to the subjects they encounter.

CONTROLLED F.O.R.C.E.

Subject Control Training

was developed with the specific needs of the law enforcement officer in mind. Some of the system's hallmarks that thousands of officers have found useful for police work include:

- **SIMPLICITY OF USE**
- **HIGH RETENTION**
- **FUNCTIONALITY**
- **ADAPTABILITY**
- **TEAMWORK**
- **EFFECTIVENESS**

THE MECHANICAL ADVANTAGE

Because the system emphasizes Mechanical Advantage over pressure points or pain compliance, the techniques work on any subject regardless of size, strength, skill, psychological state, or level of intoxication or chemical influence.

Controlled F.O.R.C.E. is appropriate and proven to work for:

- Law Enforcement
- Adult Corrections
- Juvenile Justice
- Security
- Protective Services
- Military

1> BODY POSITIONING DRILLS

This category helps to understand the importance of body control. Without the use of hands, concentration is centered on how the body moves and reacts. These drills are called "Sticky Situations." These components give the ability to control an opponent with increased effectiveness and safety for all involved, and to gain advantage over an opponent through positioning, movement, leverage, transition and teamwork.

2> MECHANICAL ADVANTAGE CONTROL HOLDS

M.A.C.H.™ is a series of five techniques that use positioning, movement, body momentum, and resistance to subdue a subject in a controlled manner. These five holds can flow from one to another in any sequence, allowing adjustment to the subject's unpredictable actions. M.A.C.H.™ holds respond to a subject's resistance, meaning the subject determines the amount of force needed to gain control.

3> M.A.C.H.™ TAKEDOWNS & HANDCUFFING

This category teaches verbal and physical communication skills and tactics for use when two or more personnel have exhausted all alternatives and are forced to physically gain control of a resisting subject. Focuses on the relationship between communication and safety in teamwork tactics.

4> M.A.C.H.™ TEAM ARREST TACTICS

This category teaches verbal and physical communication skills and tactics for use when two or more personnel have exhausted all alternatives and are forced to physically gain control of a resisting subject. Focuses on the relationship between communication and safety in teamwork tactics.

5> M.A.C.H.™ BATON SUBJECT CONTROL

This category teaches personnel how to use the baton as a TOOL to increase leverage and control while applying the M.A.C.H.™ techniques. While Controlled F.O.R.C.E. does not teach strikes, this category answers the question of what to do with the baton once it is drawn and striking is unnecessary.

CONTROLLED F.O.R.C.E.[®]

TRAINING MANAGEMENT SYSTEMS

> Level 2: Survival Force Reactionary Defense

Controlled F.O.R.C.E. Level 2 teaches personnel how to survive a surprise attack and then transition to control tactics. The system builds upon the basic principles of body movement and positioning learned in Level 1. Where Level 1 teaches personnel how to control and arrest an aggressive subject, Level 2 prepares the operator for the sudden and violent situations that are not expected. These techniques are proven to save lives.

P.O.S.T. APPROVED

Controlled F.O.R.C.E. has been used by federal, state, and local agencies and is P.O.S.T. Approved or equivalent in 28 states.

CERTIFICATIONS:

- **POST Approval** - Peace Officer Standards and Training-Certified in 28 states (call for list of states)
- **CLEA** - Council of Law Enforcement Education
- **USNSTA** - United States National Standards of Training Association

If budget constraints are preventing you from maintaining a current Controlled F.O.R.C.E. Instructor Certification, you can now re-certify for a fraction of the cost of hands-on training.

Don't get caught with the Liability

6> HAND-TO-HAND DISRUPTION TECHNIQUES

This category teaches personnel how to protect themselves from a sudden open-hand attack and use "strikes with a purpose" to disrupt the assault. Lead Hand Drills develop eye/hand coordination and teach skills for moving from the inside to the outside position of advantage.

7> BATON DISRUPTION TECHNIQUES

This category teaches personnel how to use the baton as a TOOL to disrupt a sudden attack and to protect the head and face from damage. Personnel are taught how to use the baton to increase their blocking surface and to use "strikes with a purpose" to disrupt the attack.

8> EDGED WEAPON AWARENESS AND DEFENSE

This category teaches personnel how to avoid getting cut in a sudden edged-weapon attack and to transition to a control tactic or escalate force as necessary. These techniques focus on SURVIVING AN EDGED WEAPON ATTACK.

9> GROUND DEFENSE AND ESCAPES

This category teaches personnel how to protect from attacks on the ground and to escape to a position of advantage. Incorporating M.A.C.H.™ holds and Lead Hand Drills, these techniques focus on ESCAPING FROM AN ATTACK ON THE GROUND, and do not teach ground fighting tactics.

10> IN/OUT OF HOLSTER WEAPON RETENTION AND DISARMS

This category teaches personnel how to retain a holstered sidearm from a weapon grab using positioning and body movement/how to retain a drawn sidearm, and teaches personnel with confidence and control, from a surprise weapon grab, and giving personnel life-saving options for situations where someone tries to grab their sidearm. These simple techniques are easy to remember and highly effective.

Operational Design Capability

All levels of the Controlled F.O.R.C.E. Close Quarters Subject Control Training System can be absorbed in whole or in part into existing doctrine or can be configured on an as-needed basis.

We specialize in developing unit specific modifications and additions to any or all aspects of our training.

IMPORTANT INFORMATION ABOUT THIS COURSE

The Controlled F.O.R.C.E. 24 Hour Departmental Instructor Certification Course develops skills for quickly and effectively transferring maximum amounts of close range subject control content in short periods of time with high levels of retention.

DETAILS

- Authorizes you to teach the program within your agency for 2-Year Term
- Re-Certification required at end of 2-Year Term (re-certification fees apply)
- Free Refresher training is available throughout 2-Year Term
- Includes access to online e-Manual that contains full documentation of course

You must be a member of the Controlled F.O.R.C.E. Network to receive certificates.

Go to www.cforcenetwork.ning.com to join.

Upon completion of this course, certificates will be sent directly to your email.

Please allow 6 - 8 weeks for delivery of certificates after course materials are received and reviewed.

LEGAL SUPPORT

Controlled F.O.R.C.E. takes stringent measures to maintain the integrity of our system, remain viable in the ever changing legal environment, and to adequately document our certification process. Our system is very recognizable, and we stand behind it 100%. Providing a Certified Departmental Instructor can demonstrate that they teach the system according to our lesson plan, and not beyond, there should never be a question as to the reasonableness of what was taught. As you know, there are too many variables as to how a system is applied in a response to resistance situation for a company to guarantee that the techniques used will work as expected or be the appropriate response. However, Controlled F.O.R.C.E. will gladly provide expert testimony should the techniques that we teach ever be questioned in a court of law.
