

# MAINTENANCE PROGRAM

## TRACKING

**M**

Rain or shine, instructors will work with you to ensure that your team maintains tracking skills. Scenarios will be presented for the teams to complete. There will be time for instructors to troubleshoot any tracking related problems.

## MUZZLE FIGHTING

**T**

Instructors will emphasize the importance of training your dog in muzzle fighting, teach you how to get your dog acclimated to the muzzle, and begin to work your dog in muzzle agitation. Handlers must provide a well fitted agitation muzzle.

## DETECTION

**W**

Fine tune your detection skills with your K9. Scenarios will be presented in a variety of locations. Officers will also present updates on case law. Upon enrollment, please indicate the odors your dog is trained for.

## APPREHENSION & RELEASE

**TH**

Realistic scenarios will be presented for your team to respond as if it was an emergency call. In addition, instructors will assist in release issues. A variety of locations will be available to test your dog's ability to adapt to alternative environments.

## SMALL TEAM TACTICS

**F**

Safety of your K9 and Officer are paramount when implementing tactical techniques to your regular arrest. Experienced professionals can help you determine the best method to apprehend suspects, but also evaluate the safety procedures in place.

Controlled F.O.R.C.E. Working Dogs is offering a flexible maintenance program to fit your department's needs. On a routine basis, Officers will have the opportunity to attend scheduled in-service maintenance training day. Officers will have the option to attend all days, or just pick certain topics that they need additional help on. Instruction will be a combination of **scenario based training** and **general problem solving**.

**January 28 - February 1, 2013**

**February 25 - March 1, 2013**

**March 25 - March 29, 2013**
